

Datasheet

RS Pro Zinc Plated Steel Plain Washer, 0.5mm Thickness, M3.5

RS Stock No: **560-344**

Product Details

RS Pro washer is of size 3.7 mm x 7 mm, features zinc plated steel construction for durability. It has a thickness of 0.5 mm and is suitable for screw/bolt size M3.5. Plain washer or flat washer is a spacing washer used on thousands of industrial and domestic applications. A plain washer is a flat annulus or ring, often of metal, used to spread the load of a screwed fastening. Additionally, a plain washer may be used when the hole is a larger diameter than the fixing nut.

Features and Benefits

- Steel washer zinc plated, for ISO metric fasteners
- Metric to BS4320 Form A
- DIN 125 A
